Dear sir/madam,

I have been a resident on [REDACTED] for over [REDACTED] years.

My wife and [REDACTED] children all live in the area,
We are all dumbfounded as to why our council choose to ignore residents views.
How many times do you need to ask locals what they want?

Every time the proposal has been raised,the same answer no!
Don't ignore the views of the people that vote you into office.
