Subject: Warrington Local Plan Review

Valuing the local environment - Consultation question 4(P18)

Although you are seeking to provide new infra structure to facilitate the building of approx 2,000 new homes - please balance this against your objective W4 - valuing the local environment.

Warrington residents do enjoy the current countryside in and around Moore and Walton (individually and through various group activities - Walking groups, Fishing, Bird Watching, Photography, Horse riding, socializing in the historic public houses.

**I OBJECT TO PREFERRED DEVELOPMENT OPTION 2 (Consultation question 7 (P25)
AND PREFER OPTIONS 1 OR 5.**

With so many more residents the remaining unique facilities become even more precious:

**PLEASE TRY TO PRESERVE MOORE NATURE RESERVE AND THE INDIVIDUALITY OF
MOORE AND WALTON VILLAGES AND THE SIGNIFICANT HISTORIC BUILDINGS WHICH
WOULD BE ADVERSELY AFFECTED.**

Sincerely, [REDACTED]
