

14th September 2017

Dear Sirs,

Local Plan, Preferred Development Options (PDO)

I have objections to some of the plans on the PDO which I would like to notify to you namely

a) 24000 houses in the plan area seems too much and could create havoc even with new roads.

b) The cost of turning the Pennine Trail into a dual carriageway would be exorbitant and not practicable.

c) Warrington centre is not very attractive and perhaps the first priority would be to redesign that.

Warrington residents need to be made aware that major changes are being considered and a better way must be found of doing this.

Yours Faithfully
