

Dear Sirs,

Re. W.B.C. GREEN BELT ASSESSMENT  
FOLLOWING REG.18 CONSULTATION.

Further to your presentation at Culcheth library on the 17th Aug. I wish to <sup>register</sup> my opposition to consider land marked 2b on your addendum following reg.18 in Culcheth being removed from the protection of green belt status.

In 2001 the landowner of this site was prosecuted for the wholesale felling of over 100 trees without even a felling licence. A re-planting order was placed on some of these trees which have now become well established.

I understand that the reason for considering this change in status is

the possibility of future house building on this very special piece of green belt land.

My home [REDACTED] has already been blighted by the planned HS2 to cross this land in close proximity to our house which has lasted for over four years. Now we have this hanging over our heads for the foreseeable future.

I hope you will seriously consider this court case and the re-planting order that followed when making your decision for the future of this land.

Yours faithfully

[REDACTED]
