To whom it may concern

I would like to submit my objections to the planned housing development of my village Croft, Warrington

Issues/Impacts

- The village is already used as a vehicle cut through for the local business parks in the area. It is almost impossible to get out of the village between 7:00am-9:00am due to the volume of traffic
- The roads are extremely busy and it's not a safe environment for the schools and young children who play locally and visit the parks
- Issues with speeding vehicles down the country lanes that have been flagged up on a number of occasions
- Additional building work would generate a high volume of pollution, work vehicles
- Affect house prices in the area by ruining the countryside views and affecting local wildlife
- Croft would be become an overpopulated village without the infrastructure to support the residents

Regards
