Re : Warrington Planning Policy

I would like to object to the proposed housing scheme for Lymm. The reason I am objecting is for many reasons listed below are some of my reasons :-

- The infrastructure is not in place for more houses in Lymm i.e Schools, Doctors, Dentists are all full
- The roads are already totally congested
- Not enough parking places at the moment.
- I totally disagree with building on Green belt. Lymm has already seen considerable changes due to so many houses being built here in the last few years. Lymm was a small village originally which has completely changed, not for the better.

Regards
