To who it may concern,

I am writing as a resident of Croft Village to object to the proposal for the building of 200 houses on the current Green Belt land near Lady Lane.

Please consider my objections as detailed below:

- Croft is a small village with already limited facilities. My main concerns are the number of Primary School places available and the lack of local transport.
- Traffic levels would increase substantially which would change the character of the village.
- As there are already plans to build the HS2 railway less than 1 mile from the village: building work will already have a major impact on the village in the upcoming years.

Kind Regards,
