Subject: Proposed housing development off Red Lane Stockton Heath

Planning department,

I am emailing to register my opposition to the proposed planning development off Red Lane, Appleton; to build 495 houses.

This development would destroy a natural beauty spot and wild life habitat as well as causing significant congestion on an already congested road system.

Should this development go ahead it would place additional strain on local amenities- drainage and sewerage. The site lies on a flood plain, which would lead to flooding for not just the planned houses but surrounding houses.

For these reasons I am strenuously opposed to this proposition.

Please can you confirm that you have received this email of opposition and if there is anything else I need to do to register my opposition let me know,

Kind Regards,

[REDACTED]
