

[REDACTED]

---

My husband and I have lived in Grappenhall for [REDACTED] years we love it ! previous to that I was brought up in Appleton where as a child I played in the fields woods and ponds. A lot of that has already been taken from us. Please do not take anymore. [REDACTED]

[REDACTED] Also The Trans Penine Trail is a regular family bike ride [REDACTED], and long walks with the dog on summer evenings. This would all stop and it's not fair. Greenbelt means protected. We dont want new businesses and more houses.

The polution is a major concern and traffic chaos and overcrowded schools or even local children having to go to school in other area's

We do not want the value of our houses to fall or even not be able to sell.

Do not let this happen.

[REDACTED]
