

[REDACTED]

---

I am writing to oppose the PDO currently proposed by Warrington Borough Council.

- . I disagree with the ideas for a huge urban growth and / or City Status.
- . The tallied 24,000 homes does not represent the needs of Warrington nor its people.
- . I disagree with the idea of using green space for urban purposes - Green belt should remain Green Belt.
- . Our woodlands and habitats should not be destroyed.
- . I oppose infrastructure of any kind of carriageway along the Trans Penine Trail as it is too destructive and will affect the natural habitat, house values and quality of life of local residents.

Kind regards
