**Subject:** local plan

[REDACTED]

can you please ensure that the views of Latchford East constituents who I have met and contacted me are considered in the first and second part of the local plan consultation now and in the 2018 consultation

the issues that they have raised that I want you to consider are

- they know the need for a local plan but believe that this now needs to be revisited due to the home secretary reducing the number of homes needed in Warrington.
- Impact of Brexit not fully taken account of
- Increase and impact congestion and pollution
- Impact on the green belt
- No repurpose of the TPT embankment

Councillor Hans Mundry  
Labour and Coopertive  
Warrington Borough Council
