

Sirs,
After visiting Planning, Lyman Library
and the Pyramid to learn about
the Preferred Development Option for Warrington
I feel compelled to register my strong views
against these proposals.

I was born in Froppenhall, lived my
whole life in the Appleton, Stockton Heath
and Walton areas and feel that no more
housing is necessary. This will impact
on my current residence due to the use
of the disused railway line from
Latchford to Bridgefoot as a road/rail
track. Please take notice of the strong
feelings against these proposals.
