

[REDACTED]

To Warrington Borough Council,

(Have we got this right.)

We agree that the roads are gridlocked. We accept the need for a new canal crossing,

but "why" are you going to use the old railway embankment and bridge as a new route.

We live here, have done for [REDACTED] years. Its going to destroy a lot of peoples lives. "Could you please leave us alone", there is plenty of other routes you can use where there are no built up areas. (We do not want this.)

Thankyou, [REDACTED]
