

PDO 2135

Dear Sir

concerns regarding the plans under consultation Re - proposed main Road along the route of Railway embankment through latchford / grappenhall / Thelwall.

Does so much greenbelt need to be released ! have they got the infracture right !

Why south warnington ! and what type of business do they have in mind for Barley castle !

We want to protect our villages and future for our children and keep our green belt I object to all the plans

and shall do what ever
to save south of Warrngroi
The poor communication
by the council is bad and
I wish to be kept upto
date with all the
consultations.

My family and I have
many concerns.

Your
