Comments: These developments should not be allowed to go ahead. If the council is not in a position to maintain, repair or improve : - roads, pavements, hedges, services and lighting in the surrounding areas (Emails sent over the past two years, more promises, no action), as elected council members, should you not be listening to the residents that elected you and not to the people that want to make a quick profit, where does your responsibility begin ? THERE WILL BE ANOTHER LOCAL ELECTION.

Form Reference Number: [REDACTED]
