REF RAILWAY ENBANKMENT IE THELLWALL, CRAPPENHALL, WATFORD

Dear FRANKS,

I have lived in the THELLWALL AND CRAPPENHALL area for 50yrs to turn the old RAILWAY ENBANKMENT which is now the PENNINE way into a road to me and a lot of people is a Backward step. When I first came to live in the area it was an unsightly RAILWAY ENBANKMENT now it has lovely trees, wildlife a nice type of COUNTRY walk, and you might be thinking of destroying all that for a road which will BRIGHT a lot and I mean a lot of peoples garden area not only that but the noise from the traffic and the extra POLLUTION that it will bring. I only hope that if it does go ahead that they have a bottomless pit of money because the compensation you will have to pay out to the owners of the HOUSES, FRATS ETC for destroying where they live and will want to move from will be a fortune.

Your faithfully

PS If you follow the old Railway line from THELLWALL AND CRAPPENHALL you will come out at Watford Village and that will cause a lot of congestion which is already a big problem there.
