

[REDACTED]

---

Dear Sir/Madam

I am responding to this consultation as a resident of Glazebury as well as a Parish Councillor. The Parish opposition to use of the Green Belt has already been made clear but in addition we have a serious problem with access onto Warrington Road from all side roads, in particular Fowley Common Lane, Hurst Lane, and Waltham Avenue. Any new access, particularly near the railway bridge, would make the situation worse.

I am also very concerned at overdevelopment and increased population which would cause increased demand on the infrastructure in Glazebury. There is only one small village shop, a tea room and a small school and Bents. The Post Office closed several years ago. We have no bank either here in Glazebury or in Culcheth.

Yours sincerely
