

Subject: New Local Plan- Outline PDO

Sirs,

I object strongly to your plans for 24,000 new homes, 9,000 of which will be on green belt land, and your ambition to convert Warrington into City status, thus converting S Warrington into a sizeable urban sprawl over the next 15-20 years.

You need to demonstrate how this can be achieved in detail but I fear this plan is not sustainable due to lack of economic, social, infrastructure, and amenity sustainability.

Please keep me informed as you try progress this ill conceived plan.

Thank you
