---

Dear sir or madam

Warrington Preferred Development Option

I would like to register my objection to the plan in its current form. I tried to use your online form but it is so full of jargon that I had difficulty filling it in so I gave up. I would like to make it clear that I consider this terrible. If I as an educated professional struggle with it then there must be others who cannot manage at all. I also find the plan full of jargon and difficult reading. You need to make it clearer for the general public to understand.

I do not wish Warrington to be turned into a city and feel that this should not be considered. I also strongly object to the suggested use of green belt land. I don't want the urban sprawl to mean that the lovely and distinct villages of this town are amalgamated into one congested built up area.

I understand that houses need to be built but this needs to be done in a different manner. For one, the green belt should be off limits. Use other sites. Secondly, please ensure that the houses remain affordable to people who live and work here rather than to attract rich commuters who work in other areas. I for one am looking to buy in the next 5 years but as a single working mum I need it to be within my price range.

My last point (and I'm sure I will think of many more after I send this) is that I strongly object to the use of the trans pennine trail as a road.

[REDACTED]

Yours sincerely
