Application Number R18/105, R18/003, R18/012, R18/100

Name: [REDACTED]

Address: [REDACTED]

UPRN: [REDACTED]

Telephone:

Email: [REDACTED]

Comments: I wish to oppose the proposed developments listed above on the grounds that the area earmarked spans a bridleway and footpath which I used most days, is that to be maintained but more importantly the red lane bridge over the Bridgewater canal is not built for the influx of a further potential of 1000+ cars or the heavy duty vehicles that would be required to actually construct the site. Also if the flood plain is used what will be the flood risk for houses already in that area, are we at an increased risk? With the addition of over 2000 houses in the Appleton area where is the demand for these houses coming from? What additional infrastructures will be provided we are already stretched in local schools, doctors and dentists.
