Comments: I strongly object to the proposed development of these areas for housing for the following reasons:

- You will destroy one of the main attractions of this area, which makes us and many others want to live here.
- This is our "green lung", where we come to exercise and enjoy the countryside locally.
- It is a valuable wildlife habitat.
- We walk our dog here twice a day, and if the area becomes a massive housing development, we will be compelled to drive for quite a distance (as the Grappenhall and Thelwall district will also become concreted over) to find the environment we desire elsewhere, thus adding to traffic congestion and pollution.

I know you don't actually care about individuals, but I am distraught at the thought of what you propose to do to our lovely environment. I am kept awake at night thinking about the sound of the trees being cut down, the land being bulldozed, and the wildlife being slaughtered. I am in tears typing this and I am not sure I will be able to bear to continue to live in Warrington.
