

---

Has Warrington Council gone mad.?

You have built more shops along Winwick rd when the city centre has empty shops that could be used,leaving the old Fiat site for plenty of homes on Winwick rd.

Instead you take vast tracks of green belt and destroy villages in the process.It makes no sense when there is plenty of brown sites that you should be looking at in Warrington.Do we need so many office blocks in this area? Are they all in use?

Please think again ,you cannot keep moving the green belt goalposts .
