

To whom it may concern,

i am fully against your plans to develop south warrington for the following reasons.

- 1/ The innadequacy of the consultation process
- 2/The miscalculation of housing needs
- 3/the circumstances for reclassifying the green belt areas

I attended the consultation at Park Royal Hotel, the maps and lack of knowledge by council employees was unbelievable and looked like you had been forced in to doing something because the public had found out your intentions. No straight answers were ever given to any questions

Please have a look into a court case against Harringey Borough Council at the supreme court as Warrington Council have failed badly on all key points especially those who are going to be worse off because of your proposals.

The meaning of the word CONSULTATION is a meeting with an expert in order to seek advice. Your workers at Park Royal could answer no questions in fact to be honest i felt sorry for them.

the sneaky way this has been seems very under hand to me and thats my opinion. You are treating us like fools, i can assure we are not.
