

---

Good afternoon

This proposal just cannot happen, destroying Green Belt land will make areas less attractive and become like many places a:“ concrete jungle”. The Traffic is bad at present please do not make it any worse, there will be more accidents due to the heavy traffic problems.

Building more houses means bigger Population which means further problems for the NHS and other amenities, also please take into account this could cause Flooding with Trees bushes being uprooted.

All in All this will spoil these lovely areas!!!!

Yours Hopefully

A black rectangular redaction box covering the signature area of the letter.
