# 'Call for Sites'

## Warrington Borough Council Local Plan Review

### Call for Sites Registration Form

October 2016

**Please note this 'Call for Sites' is for five or more dwellings or economic development on sites of 0.25 ha (or 500sqm of floor space) and above, Gypsy, Traveller and Show People and Minerals and Waste sites.**

The identification of sites does not imply that the Council considers that the site is suitable for development, either now or in the future. It cannot be taken as representing either an intention to allocate these sites, or as a material consideration in the determination of a planning application.

Potential sites that have been identified will be further tested through the Plan-making process, including through the Spatial Distribution and Site Assessment Process, Sustainability Appraisal/Strategic Environmental Assessment, several stages of public participation and independent examination.

Please also note that all the responses and information received as part of the 'Call for Sites' will be published and made available for public viewing as part of the open and transparent Plan making process.

**NOTE:** Please read the accompanying guidance note [here](#) before completing this form and complete a **separate** form for each site that you are submitting to the Council.

***Please return your completed form and any accompanying supporting material to Planning Policy, Warrington Borough Council no later than 5.00pm on Monday 05<sup>th</sup> December 2016.***

## **(8) Site Availability**

*Please indicate when the site may be available*

Excluding planning policy constraints, when do you believe this site could be available for development?

Immediately ASAP (Note: to be "immediately available", a site must be cleared, unless being considered for conversions.)

If not immediately, please state when it could be available:

If the site is not available immediately, please explain why – e.g. the main constraint(s) or delaying factor(s) and actions necessary to remove these:

## **(9) Any Other Information**

Please tell us anything else of relevance regarding this site if not already covered above that will ensure that it contributes positively to the achievement of sustainable development. Please use a separate sheet/s if necessary.

The estimate of 16 no. houses is based on a very simple assessment of the plan using 11m wide x 22m/ 26m plots, also allowing for a gap across it for a main sewer (believed to be there). This quantity is variable subject to various factors, clearance from brook, required sizes of plots, etc.
