Dear Sirs,

I write in connection to the release of the Warrington Borough Council Local Plan Preferred Development Option Regulation 18 Consultation July 2017

I have a query relating to the proposed new Garden City and in particular the roads linking this site to the surrounding areas. I have studied the map produced on page 43 of the document which is unclear as it is very difficult to read.

There appears to be a proposed extension to B5356 (near Cartlidge lane and Broad Lane, Grappenhall) indicated by the Blue dotted line? Can you confirm if this is the case? I have provided a copy of the map below.

Can you also confirm that the Black dotted lines are proposed cycle paths or roads?

I look forward to hearing from you.
