

[REDACTED]

I am appalled at the above proposed "plan" for yet again more houses in Lymm, during the past [REDACTED] years we have lived here slowly the so called protected "green belt" has disappeared!!

Not only is it affecting wildlife, the schools, doctors and roads are totally full [REDACTED]
[REDACTED] the drains smell awful which is also due to the infrastructure being overloaded!!

This should not be allowed to happen but as usual greed will overrule!
