

Subject: R18/127&115 Parcel CR4 SHLAA Ref 15231

Concerning the proposed plans for housing in Croft, I wish to record my objections.

Croft village will lose more of its character with the invasion of the Green Belt.

I have raised a family and enjoyed the village nature for over [redacted] years as have many other [redacted] residents. We feel our village character will be ruined. We also feel our views will be ignored. Having read the details of the plan I am seriously concerned about the lack of facilities to cater for such an invasion.
