Dear Sirs

I wish to object to Garden Suburb proposed in Grappenhall under the Warrington Local Plan based as I believe it to totally unsustainable.

I don't believe the garden suburb will deliver affordable housing and there are many other sites around the borough which are more appropriate for the type of housing required.

Releasing the green belt land is totally irresponsible and will destroy the landscape and wildlife habitats of the area

In addition the increase in volume of traffic (and associated pollution levels) is not sustainable for the area which already suffers hugely whenever there is a problem on the M56, M6 or M62.

I trust that the Council will reconsider the plans carefully and make the sensible choice of brownfield over green belt.

Many thanks

Graeme Jones
