I object to the local plan. As a resident [REDACTED] I find the traffic really bad at the moment without all the new development. I often pass over the M6 motorway and see it clogged up not just in the early morning but very often during the day in both directions. I use the M56 to get to work and navigating the Cherry Lane roundabout in the morning is very difficult already. Once this development is underway there will be far more lorries and I think far more accidents.

Why do we need more warehousing? We already have plenty of warehousing up for sale or rent in Stretton.

As for more housing this will not benefit our youngsters as the prices will be far too high and lots of pressure will be put on existing infrastructure such as schools, roads and medical centres. I often collect relatives and visitors from Warrington Bank Quay Station. This will become impossible as the canal bridges which are old and cannot cope with the traffic already will mean that Warrington South will become cut off from Warrington town centre.

.
Please reconsider this plan before it is too late.

Helen Collins. [REDACTED] resident.
