I am writing to object to the local plan on the following grounds my name is Isabel Chadwick, [REDACTED]
[REDACTED]

- the number of houses being proposed to be built cannot be justified. It is an extrapolation of a growth rate in 2014 which is no longer valid, if more recent demand was considered it would dramatically reduce the number of houses being proposed.

- the local transport plan is woefully. Inadequate, it has simply not been developed to a detailed enough level. The roads in South Warrington are already congested and pressing ahead with this development plus Stobarts and 656 will simply bring traffic to a standstill. Warrington is already one of the most polluted towns in the northwest adding to this problem is simply unacceptable.

- we are building on greenfield land when additional brownfield land will inevitably become available before 2037. The plan is simply over too long a duration and once we free up greenfield for development we will. Ever get it back.

Kind regards

Isabel Chadwick
