As a resident [REDACTED] I object to the Local Plan on the following grounds:-

There are no special circumstances to release this green belt land.

The additional traffic, 2,000 HGV movements per hour from the Langtree warehouses will grid lock the roads, cause pollution and noise.

This is unjustified economic growth based on out dated data and ambitious/unrealistic assumptions.

Destruction of Appleton Thorn's Village character due to urban sprawl of 7,000 new homes, overwhelming traffic, pollution and noise.

Contravention of the Thorn Ward Neighbourhood Development Plan.

Poor transport plan which is lacking in detail and funding.

Overall, the LTP4 and LP-PSV are unsound undeliverable.
