Subject: Objection to local plan
Date: 12 June 2019 08:50:54

Dear Sir / Madam

I want to register our objections to the local plan which we consider as not acceptable.

The main reasons are:

- 1) The local infrastructure - mainly roads / bridges - are really struggling now. Particularly in the area from south of the canal to Warrington centre. This was especially noticeable after the Runcorn toll bridge was opened and the old one closed. The small local bridges are also struggling now.
- 2) The number of new houses 'required' seems excessive and not proven
- 3) The building of new developments on green belt too seems excessive and unnecessary especially when there appears to be a considerable number of 'brown' sites in the Warrington area. Keeping the green belt areas are really important to us as long time residents

I have viewed the plan in Warrington but only briefly as it would have taken too long to fully absorb

We hope you will be able to add our objections to the plan

J R Sheedy
Mrs S H Sheedy
