[REDACTED] I would like to object to the council's proposed local plan. I think its horrible that the council are proposing to let the countryside around Warrington be built on for lots of houses that they don't know will be needed or not.

I love our countryside and our town. We need to look after the wildlife, our trees and our environment. There are so many cars that travel through my village already that it makes me scared to walk along the pavement sometimes. More cars and lorries will make it worse and the air worse. I have friends that have asthma and the pollution does not help them. These plans will mean more pollution and make them worse.

We need the trees and countryside to help clean our air and keep us happy. If we get rid of the green fields this will make us sad. being outside in the countryside makes everyone happier.

Thank you
James Freeman
