Dear sirs

I strongly object to this plan for reasons largely to do with Pollution- air quality/ noise. Warrington already has worst record in the country for dangerous small 2.5-micron particulate emissions.

[REDACTED] whose already damaged lungs will certainly have his short life expectancy reduced even further by your planned introduction of many thousands of additional vehicle movements in South Warrington

Regarding the theft of green belt - this land helps by absorbing pollution and it's removal is one more major nail in your constituents coffins

Please listen to the many protests you have received

Kind regards
