---

Dear Sir/Madam,

I am writing to object to the proposed development in South Warrington.

Key points are

- 1) I am concerned about the loss of precious Green Belt Land being developed when there is ample Brown Field land in Warrington.
- 2) The current infrastructure is already insufficient to cope with current traffic let alone additional traffic due to huge amounts of additional housing and industrial development Six/56. There are no shops or amenities south of Stockton Heath.

Kind Regards

Joseph Muscat
