Subject: Objections to local plans in soul the Warrington

Dear Warrington council

I would like to object to your local plans in the south of Warrington as my democratic right to tell you how it will effect the local area. I have lived [REDACTED] and it's a magnificent area clean with fresh air green and quite to live. If these plans go ahead the noise pollution will be in creased 10 fold.

Please pass my objections to the correct department.

Kind regards

Mark & Joanne Rigby
