Dear Sirs

I have lived in [REDACTED] all my life, my home is in the village which is where I choose to live, I do not want to live in a "garden city suburb"! This local plan will completely destroy our way of life, completely destroy our wildlife and their habitat, traffic will be chaotic if this goes ahead, Eddie Stobbart distribution depot, M6/M56, all this development plus new schools, doctors surgeries, dentist surgeries they will all have to be built, green belt land should be respected and adhered to, this is not a sound plan and certainly no justification for releasing this green belt land.

We are unique with canal crossings so the geographical constraints cannot be ignored, the amount of new housing and warehousing development will bring gridlock to our roads.

Once again I stress the proposed development will completely change the character of the area and the village community.

Please re assess this unsound p, and, please don't destroy our community, we are a village, we are not a city.

Sincerely

Miss P Massey
