Mrs Claire Hardman

Please accept this email as my comments on the Warrington Local Plan, of which I am opposed to. From my knowledge the Council have not carefully considered brownfield sites to justify the loss of extensive Green Belt land and the impact this would have on the environment/ecological system not thoroughly assessed. The increased traffic, congestion and air quality would become increasing worse than it is now!! Our Green Belt could be lost forever because of this plan, a plan that may not even be deliverable.

Regards.

Mrs Hardman
