Objection to the local plan

I wish to object to the new local plan. This is because it will completely destroy the character of rural Warrington, in particular the Green Belt around Appleton Thorn [REDACTED]. The plan is in contravention of the Thorn Ward Neighbourhood Development Plan and the Transport Plan LTP4. It lacks detail and fails to recognise the impact that Langtree Six near Appleton Thorn would have on both the environment and people's health. Increased vehicle movement and emissions from lorries and private cars will have a devastating impact on the health of the community.

The plan is short sighted, poorly conceived and will turn Warrington into a sprawling mix of industrial size warehouse units and high-density housing. Although it will create jobs, these will be mainly low skilled and poorly paid. The loss of green belt, biodiversity together with inadequate infrastructure make the plan undeliverable. I urge the local authority to rethink and abandon this plan which ultimately will destroy what remains of our countryside and is not sustainable

Yours Sincerely

Nicholas White
