> I am emailing to object to the local plan. As a resident [REDACTED] this proposal sees all the green belt in this area completely decimated and replaced with 5000 houses. This is completely unacceptable.

> The roads cannot support this. The m56 and m6 are gridlocked daily. Not just in rush hour Pollution levels in Warrington are higher than the national average and this will only get worse.

> There are plenty of brownfield sites locally that should be developed first. Green belt it there to be preserved for future generations.

> We moved to this area because we liked the semi rural feel. The fields, the green space. If this plan goes ahead we will certainly move. We do not want to live in a sprawling city which is what Warrington it set to become.
