---

I do not think that the plan is sound. The unprecedented release of green belt should not be allowed for either housing in-such vast numbers or indeed for distribution centres which add little to the local economy apart from taxes. This should not be allowed especially in the light of the news that Fiddler's Ferry will close next year and will surely be decommissioned within the next 20 years.

Please rethink your plans as the Warrington population who voted for you as their voice do not want them in this form.

Paul Barton
