Dear Sir/Madam,

I wish to confirm that I whole-heartedly support the submissions of the South Warrington Parish Councils Local Plan Working Group and of Hatton Parish Council on behalf of its residents opposing this Plan.

I believe this plan to be unsound, with no identified justification for the levels of predicted growth, housing or employment land. The scale of green belt release is alarming from an environmental perspective. The lack of any infrastructure plans to ease congestion at what is already an acknowledged pinch-point in South Warrington is at best ill-conceived. To encourage logistics to invade the green belt with nominal employment opportunities and align that to a what will inevitably become a commuter garden suburb is frankly irrational.

Regards
Roger Dickin
