Subject: Green Belt proposed housing development plans
Date: 17 June 2019 14:17:39

Hi my name: Marian Kilkelly

Address: [REDACTED]

Tel: [REDACTED]

I object to green belt sites in South Warrington being used for housing.

1. We will have loss of landscape
2. Risk to green belt now and in the future
3. Cost to town & it's tax payers.
4. Not sound or deliverable project.
5. Existing bottlenecks with roads will only get worse for Stockton Heath and town centre traffic.
6. Gridlocks on roads from locals & when motorways closed for access through Warrington.
7. Noise pollution & health pollution increase.
8. No back up with doctors, hospitals or health care for future housing.
9. No plans for education - new schools.
10. No parking for visitors & patients at Warrington hospital now never mind the addition of new people.
11. No road plans in place - Warrington a bottleneck now & gridlocked.
12. No mention of increase in police services.
13. Not sound plans or deliverable.
14. Plans for homes well beyond Government targets.
15. No need for such a development to take place
16. No case made for release of Stockton Heath green belt sites.

All the above are just reasons for my objection to housing developments of houses on green belt in Warrington.

Thank you.

Marian Kilkelly
