To whom it may concern,

Re: Failure to involve the community directly affected by the proposed removal of Green Belt land in the Draft of the Warrington plan specifically OS1 Burtonwood.

After a meeting open to all at Burtonwood on Thursday 23<sup>rd</sup> of May it became clear that many residents are unaware of the publication of the Draft Local Plan, 0S1 specifically, the full contents, how it affects them and the time scales in which they are able to respond.

As part of the 25 Year Environment Plan, it is stated as an environmental principal that the public should be able to participate in environmental decision making. This is considered fundamental to achieving environmental ambitions.

Failure by the Council to take all reasonable steps to notify all residents is in direct contravention to this principal, Regulation 18 of the 2012 Local Planning Regulations and the adopted 2013 SCI. It fails in their Code of Consultation to:

- Time consultations well and allow sufficient time to respond.
- · Clearly present relevant information and encourage informed opinion.
- Be well targeted and reach out to seldom heard groups.
- Offer genuine options and ask objective questions.
- Be well planned, managed and co-ordinated.
- Be listed on Consultation Finder and be well communicated.
- Provide fair, accessible feedback.

I request an immediate extension to the consultation period for the **Draft** Local Plan beyond the current deadline of 17<sup>th</sup> June 2019 and that the council take all reasonable steps to inform and ensure involvement from the local community.

Affected Burtonwood and Collins Green Residents

To be taken in person to/

Local Plan, Planning Policy and Programmes, Warrington Borough Council New Town House Buttermarket St Warrington WA1 2NH Petition to request an extension to the Warrington Local Plan Specifically OS1 Burtonwood beyond the th June 2019 closing date.
