PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Draft Local Plan (as a whole)

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

The plan aims to build on protected green belt land, which has been protected for environmental reason for wildlife and future generation. It's immoral to sell children's future and the safety of the air they will breath to line your own pockets. At a time of climate change and looking to reduce carbon the council should be looking to increase green belt, plant thousands of trees and reduce traffic, not destroy future.

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

The plans should build no new homes or businesses on green belt land. This land should be made into eco zones filled with trees and natural habitats. The council should reduce traffic and improve cycle routes for all areas. Any new house should be built on brown sites and should be carbon neutral developments. The council should also create more spaces for local people to grow their own food and get outside.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.
