Subject: Local Plan

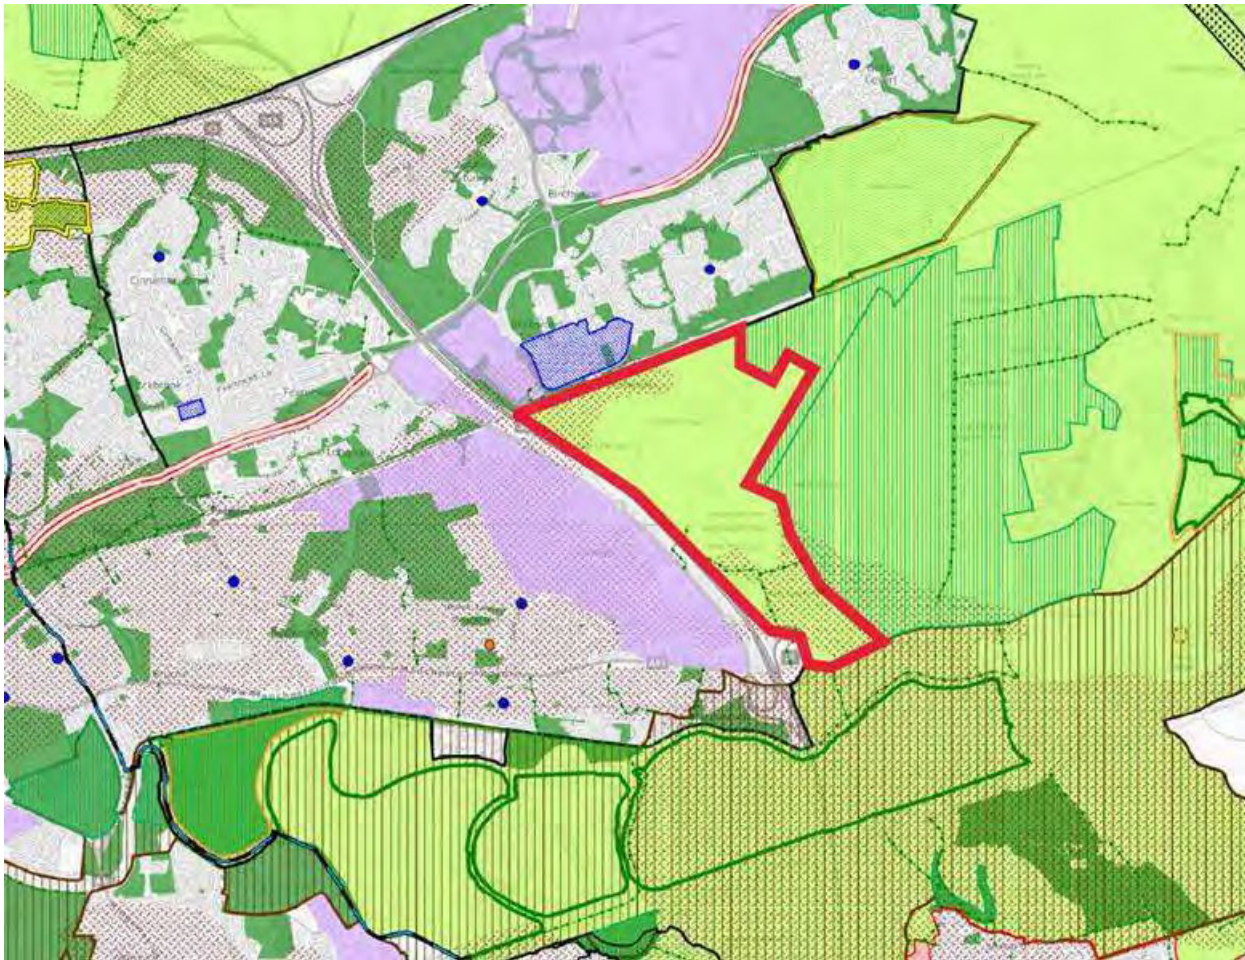

Hi,

[REDACTED] my question/suggestion is to develop for housing area market below in red.

It has perfect connections to the motorway, it is next to the train station and shopping centre.

It feels wasteful to farm here. A green middle-class estate would be great for the local employees.

It would require acoustic panels on the motorway but the loss of greenbelt could be compensated by a nice new park.

Regards,

Marcin Stefański
