PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Policy GB1 Warrington's Green Belt

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

A policy sub-number (s)

If a paragraph or policy sub-number then please use the box below to list:
3.4

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate	X	

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

3.4 simply appears to state the the exceptional circumstances required to justify the release of Green Belt are met because that will allow the 'identified need' for development to proceed. I cannot see a clear statement of the exceptional circumstances that amount to anything other than urban sprawl. This is a natural consequence of a growth driven economic model and does not amount to exceptional. The plan appears to rely heavily on the outcomes of Green Belt development rather that fully justifying the necessity to reclassify Green Belt in the first place. I can see that there are obvious economic benefits to the proposals but what are the current existing 'exceptional circumstances' that will justify the very thing that Green Belt legislation was designed to prevent?

5. If you answered 'Yes' to any of the options in question 3 then please give details in the box below the reasons why you support the legal compliance or soundness of the Draft Local Plan or its compliance with the duty to co-operate. Please be as precise as possible.

n/a

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Either a current exceptional need is identified or the existing plan should remove the reliance on green belt reclassification and development.

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.
