10.5.1 I strongly disagree that this field, "makes only a moderate contribution to the objectives of the Green Belt". In an age where climate change should be at the fore front of every decision made by local and national government, building on Green Belt land is the wrong decision to make. Trees are the way forward and not just in the Garden Suburb. All rural and urban communities should have tree planting schemes in place. They are the future and will help clean our air and hopefully save the planet. Burtonwood would be a better place if this field was woodland as it would have been generations ago.

Community facilities, open space and recreation. I am almost [redacted] apart from football and rugby pitches there are no other facilities in the village for young adults of my age. No leisure center with a gym or a pool. No all weather pitches or courts for basketball or tennis. No skate park although a small plot of land was suggested for one. The recreation ground has a derelict building called the Pavillion. In the past there were showers in here. It is not fit for purpose now. To access any of the above I must travel out of the village to Barrow Hall Lane School or Jubilee Park. My parents will not allow me to cycle up Winwick Road as it is too dangerous. The promised cycle path along Clay Lane up to Omega has not yet been built. Buses have been reduced to 1 every 2 hours. The local cafe shuts after lunch so there is no where after school to meet for a coffee and a chat. That leaves us roaming around the streets or sat in at home.
