PART B - Representation Form 1

1. To which part of the Local Plan does this representation relate? From the drop down list please select one option.

Policy OS1 Burtonwood

2. Does your comment relate to a specific paragraph (s) or policy sub-number (s)? Please select one option.

None of the above

3. Do you consider the Draft Local Plan is: Please select one option in each row.

	Yes	No
Legally Compliant		X
Sound		X
Compliant with the Duty to Co-operate		X

4. If you have answered 'No' to any of the options in the above question then please give details in the box below of why you consider the Draft Local Plan is not legally compliant or is unsound or fails to comply with the duty to co-operate. Please be as precise as possible.

*There is no proper assessment of the existing urban area's ability to accommodate additional development, including the capacity of existing infrastructure (e.g hospital, schools, roads, transport)

*The consultation has been unsatisfactory. Many residents say they didn't get letters. The letters were not addressed to named individuals.

*Loss of green belt means more noise and air pollution and these are not easy to mitigate.

*Drastic loss of wildlife habitat (frogs, toads, newts, bats, woodpeckers, sparrows, starlings, blue tits, foxes, rabbits and hares - to name but a few). Green belt gives our children direct access to wildlife.

*There is no evidence to indicate that 160 houses are needed in Burtonwood.

*****The release of Green Belt is NOT justified *****

6. Please set out what modification(s) you consider necessary to make the Draft Local Plan legally compliant or sound, having regard to the test you have identified above where this relates to soundness. (NB please note that any non-compliance with the duty to co-operate is incapable of modification at examination). You will need to say why this modification will make the Local Plan legally compliant or sound. It would be helpful if you are able to put forward your suggested revised wording of any policy or text. Please be as precise as possible.

Green Belt areas should only be altered where

* Exceptional circumstances are fully evidenced and justified*

* Strategic policy making authorities should be able to demonstrate that it has fully examined all other reasonable options*

This claim needs to be investigated in some depth for Burtonwood and Collins Green

7. If your representation is seeking a modification, do you consider it necessary to participate at the oral part of the examination? Please select one option.

No, I do not wish to participate at the oral examination
